Mike,

Thanks for the beautiful work. Darren and I are really happy how it turned out.

It's exactly what we pictured in our minds. I love the heater. Great idea. You have some great guys working for you. I know it's hard to find good workers.

In the next year or two we want to add on some more. (over the garage, etc.). But I want to enjoy what we have first.

Thanks again,

Kathy W.

P.S. Could I get Steve out to put up a gutter? I don't think Darren can do it. He's never home to enjoy your beautiful work. I'll pay by the hour or whatever. Thanks
